Introduction

Welcome to your Natal Chart report.

Your Natal Chart report is an astrological chart based on the mathematically precise positions of the planets and the Sun & Moon at the time, date and place of your birth. It provides you with insights into your character and personal life potentials by indicating the strengths you have and the challenges you experience in life.

Your Natal Chart report covers among other things your primary motivation in life, your identity, emotions, mentality, love and sexuality, spirituality, earning ability and career potentialities and so on.

In some parts of the report you will come across apparent contradictions in the descriptions of your character. This is to be expected; people are complex and have many contradictory facets to their personality.

The 1st House

The 1st House describes you, your self-expression and vitality. It is your physical appearance and the way others see you and interact with you. The 1st House cusp is, in most cases, the Ascendant or Rising Sign of your chart and indicates your primary motivation in life. The house placement of your 1st House ruler, or almuten, shows the areas of life that are of primary importance to you. Also, planets in your 1st House influence how you present yourself to the world.

Saturn Opposition Mars (1,35' S)

This particular combination of planets is challenging to say the least. The enthusiastic and adventure seeking nature of Mars come up against the obstructive and restraining tendencies of Saturn. Hence, a key phrase for this aspect is 'restricted activity'. Traditionally, the uniting of Mars and Saturn makes for a troublesome pairing; however with self-awareness difficulties can be lessened. Saturn can tone down Mars' impatience and encourage disciplined action, the attainment of goals through concentrated or sustained effort and persistence. You are a hard worker who possesses endurance and the capability to work long and demanding hours. At times, progress in life can seem frustratingly slow; it sometimes feels as if you are 'driving with the hand brake on'. Negatively, you may find it difficult to manage anger and irritability. At approximately seven-year intervals, you are forced to contend with restrictions and periods of low physical energy.

Saturn Square Neptune (1,06' A)

These two planets are almost polar opposites: Saturn represents reality and boundaries and Neptune represents that which is beyond reality and without boundaries. Having this aspect means you experience periodic struggles between pursuing your spiritual inclinations and meeting the demands of the material world. Physically, you are prone to re-cycling bouts of low vitality and illness. In spite of the challenges you encounter in life, you never waver in your desire to help others.

There can be advantages in associating with important or significant people. When engaged in financial transactions, you're generally fair and honorable; however you can drive a hard bargain. You can be prone to materialism and acquisitiveness.

Jupiter Opposition Pluto (5^o 47' S)

You have a strong desire to make your mark on the world and to accomplish something of significance.
